PASSAGE OVER THE ALPS
The Glacier Express is the highest railway road crossing of Switzerland and the only route to cross the Alps and the only Swiss rail route to run through the heart of the Jungfrau Region. It is the world’s slowest express train. The train’s journey from St. Moritz to Zermatt takes almost 8 hours. The train is built to a special design with a 416.2 mm (16.38 in) wide gauge for the unique Albulathal valley curve. Without doubt the main highlight of the Glacier Express is the impressive 778 km (483 miles) route through Switzerland’s most beautiful mountainous landscape.

PASSAGE OVER LAKE GENEVA
Lake Geneva is the world’s second largest lake, located between Switzerland and France. It is known for its crystal-clear waters and the town of Montreux, which is famous for its international music festivals and its elegant lakefront promenade. The train makes a stop in Montreux for passengers to disembark and explore the town.

PASSAGE OVER THE FRANCIGENA RAILWAY
The Francigena Railway is a historic route that connects Italy and Switzerland. The train passes through the Val d’Ossola and enters the Swiss Alps near the town of Domodossola, where the route continues through the Swiss Alps to Zermatt.

南北山脉。其中，瑞士的山脉是世界著名的，例如阿尔卑斯山脉。在这座山脉中，瑞士的山脉特别受人们喜爱，因为它们的自然美景和文化遗产。这条线路穿越阿尔卑斯山脉，沿途经过许多著名的山脉，如蒙特勒、圣莫里茨、采尔马特等。
At a elevation of 6,061 feet, the village of St. Moritz is atop the "Top of the World." From this spectacular vantage point, view the Engadine Valley, South Tyrol, Italy, and Switzerland's famous Jôf di Sesto range. This is one of St. Moritz’s most famous scenes, and each travels along portions of the Rhaetian Railway, a UNESCO World Heritage site. 

The Rhaetian Railway is the world's steepest cogwheel railway, traveling through the Alps. The Bernina Express is recognized as one of the world's most famous railways. Your Swiss experience highlights the culture and history of Switzerland by taking a look at some of the customs which have remained untouched through time. Take in the regions' cultural treasures and learn the story of Francois Dehon, its famous patron, and Pierre Lenzi Bernadet, who designed the Palace of Culture.

The Glacier Express, a Nickleby experience, travels from St. Moritz to Davos and features breathtaking scenery. This train travels along the tracks which are 1,397 feet (425 meters) at the Furka Pass, along switch-back tunnels and graded spirals. The Glacier Express travels from St. Moritz to Tirano, Italy. The Bernina Express travels from St. Moritz or Davos to Zermatt (for details, see the day-by-day itinerary) and each travels along portions of the Rhaetian Railway, a UNESCO World Heritage site.

Luxury is the specialty here. A walking tour showcases its beautiful cobblestone main streets lined with brightly painted buildings, some built in the 13th century. While based in Villars-sur-Ollon, spend time on crystalline Lake Geneva, venture into France to explore Evian and witness the imposing Château de Chillon. The open-air cogwheel Matterhorn is a quintessential Swiss experience, providing stunning views of the Alps, and almost 300 bridges. During your ride from St. Moritz to Tirano, Italy, you will discover the Château de Chillon.

The area is also surrounded by vine-laden slopes, the town of Lausanne. Built on three hills and encompassing the beaches of the world's most famous Lake Geneva, Lausanne is one of the world’s most romantic cities. Take in the regions' cultural treasures. 

On the stretch from St. Moritz to Tirano, Italy, you may choose to ride the open-air cogwheel Matterhorn. Only two percent of the production leaves the country, but Swiss wine is one of the country’s unsung pleasures. Your Swiss experience highlights the culture and history of Switzerland by taking a look at some of the customs which have remained untouched through time.

Tireless guides and drivers are included.
